

## Cape Verde

### Product Description

Cape Verde is a high-quality artificial grass that is aesthetically pleasing to the eye in lusciously rich shades of green. Its silky-soft yarn, receives a five-star softness rating, making it the most budget-friendly grass we do at 40 mm in height. The 4 yarn colour blend helps to create a realistic natural aesthetic, so you can achieve the look of natural grass without all the hassle! The four-star wear rating makes Cape Verde perfect for your busy lifestyle and provides the ideal durable surface for your garden, whether it be for a soft place to sunbathe or a safe place for kids to play. Complete with an A+ VOC emissions rating, this grass is safe for the whole family to enjoy!
