

Oakland

Product Description

Oakland is another of our popular fully recyclable artificial grasses. It receives four stars for softness and four stars for wear, making it a great choice for any space as it is soft beneath your feet whilst also being durable in nature. This artificial grass is 30mm thick adding to its natural appearance and is ideal for an area that will have heavy foot traffic, such as kids playing, pets running around, or a quick game of football before tea. Manufactured with an I shape yarn that is extremely soft to touch but also bounces sunlight around enhancing the natural appearance of the grass.
